CONNECTICUT TOWN
IS TERRORIZED BY
BUSY FIRE FIEND

Martial Law Established After Seven Disastrous Fires Are Kindled in New Britain and Citizens Become Terror Stricken.

DYNAMIC IS BELIEVED RESPONSIBLE
FOR OUTRAGES OF FREQUENT OCCURRENCE

New Britain, Conn., February 22.—(Associated Press Dispatch)—Martial law in effect prevails here today, and the patrol of Companies E and I, First Infantry, National Guards, called out by Governor Holcomb, will probably continue for several days.

Guards around many of the large manufacturing establishments have been ordered.

These precautions have been taken because of seven fires here last night, of them of incendiary origin.

All the fires were within a restricted area from 300 yards to a quarter of a mile from each other. The property losses run from \$35,000 to \$50,000.

The outstanding feature was the excitement and nervousness caused by the fires. At the outset citizens knew that an incendiary was at work.

Seven men arrested as arson suspects have all been released. Neither the police nor firemen have any clue to the incendiary or the exact means used to start the fires. One theory is that a mental defective is the person sought.

AMERICANS
ARE SET FREE
DAYS REPORT

(Associated Press Cable.)

Amsterdam, via London, February 22.—A dispatch received here from Berlin says that the American sailors taken to Germany on the steamer Yarrowdale have been released.

The Americans were released, the dispatch says, after the German Government had been informed officially that German ships in America had not been confiscated and that their crews had not been interned.

The dispatch says, after the German Government had been informed officially that German ships in America had not been confiscated and that their crews had not been interned.

5,000 WAR
PRISONERS
PUT TO WORK

Germany Compels Her Prisoners to Work Helping Feed Army.

(Associated Press Cable.)

Amsterdam, via London, February 22.—Germany is employing 75,000 war prisoners as farm laborers, according to a Berlin dispatch to the Rheinische Zeitung, which quotes General Groener, head of the Army Department.

General Groener's statement was made before the Reichstag committee

OHIO NEWSPAPERS
FAVOR PROHIBITION

(Associated Press Dispatch.)

Columbus, O., February 22.—In answer to a poll taken by the Ohio Anti-Saloon League and announced today by officials of that organization, two hundred and eighty-eight Ohio newspapers have declared themselves friendly to state wide prohibition; twenty-two unfriendly; twenty-three neutral, and five announced they did not care to be polled.

which is co-operating in carrying out the provisions of the national civil service law.

He stated that additional war prisoners would be put to work in the farming districts, and that in occupied territories the garrisons would do the harvest work.

SWEEDEN WILL
MAKE PROTEST

(Associated Press Cable.)

Stockholm, Sweden, via London, February 22.—The Swedish Minister at Berlin has been directed to file a protest against the sinking of the Swedish motor ship Hugo Hamilton. Nothing has been learned regarding the fate of the crew.

The Hugo Hamilton was on the way from Valparaiso with 4,000 tons of saltpeter consigned to the Swedish Farmers' Association, which was greatly needed on account of the scarcity of fertilizer in Sweden.

She carried a crew of more than thirty. Several days ago the Swedish Government asked Berlin for particulars regarding the sinking.

DUTCH STEAMER
AMONG LATEST

(Associated Press Cable.)

Paris, February 22.—Official announcement was made today of the sinking on February 21 of the Dutch steamship "Gronobon," 3,598 tons gross, and of a British trawler.

STEPS TAKEN TO MAKE MONTICELLO,
JEFFERSON'S HOME, A NATIONAL SHRINE

MONTICELLO, HOME OF THOMAS JEFFERSON

A widespread sentiment favoring the purchase by the United States government of Monticello, home of Thomas Jefferson, is being engendered by the recent activities in this direction by the National Society of the Daughters of the American Revolution.

So much interest has been aroused by these efforts that a congressional committee on public buildings and grounds recently made a trip to Charlottesville, Va., accompanied by many distinguished men, to inspect the home.

The owner of Monticello, Jefferson Levy of New York, recently consented to sell the home to the government with the understanding that it be pre-

served as a memorial to Thomas Jefferson. Many priceless relics of Jefferson's time, some of his own manufacture, are included in the purchase price.

It is asserted that Monticello is superior in beauty to Mount Vernon. Built on the top of a mountain, classic in design, it is said it could hardly be reproduced today at any cost. The dome surmounting the house is modeled after the ancient temple of Vesta. The house was built by expert workmen brought from France, the bricks used in the construction were made on the spot. Subterranean passages of heavy construction and very extensive are features of the house.

Jefferson was his own architect, but the same architects who remodeled

the White House, after making an exhaustive study of Monticello, declined to undertake any additions to the home, with the declaration that no architect could add to it without spoiling it.

Restoring Monticello after the civil war cost the owner \$100,000 on the building alone.

In order to emphasize the fact that they are urging the acquisition by the United States purely from patriotic motives the Daughters of the American Revolution have recently asked that the bill be amended to eliminate their request that the government give their organization the custody of the home. The photograph of Monticello reproduced herewith was made recently.

VILLA AND
CARRANZA
MEN CLASH

Wounded Carranzistas Cross Border and Obtain Protection.

(Associated Press Dispatch.)

San Antonio, Tex., February 22.—Fighting between Carranza and Villa troops south of Ruidosa was reported today by Colonel Joseph Gaston, at Marfa, to the Southern Department headquarters.

At the time his message was filed fighting was still in progress but details were lacking.

He said two wounded Carranza soldiers had crossed the border at Ruidosa.

General Pershing, at El Paso, has granted permission for them to remain and be cared for.

TAKING STEPS
TO RELIEVE THE
CAR SHORTAGE

(Associated Press Dispatch.)

New York, February 22.—The American Railway Association issued a statement here today on behalf of its Car Service Commission, which is co-operating with the Inter-State Commerce Commission in the car shortage

situation, in reply to the request made upon the Eastern railroads yesterday by J. P. Griffin, of the Chicago Board of Trade that embargoes be imposed upon all east bound commodities except fuel and foodstuffs.

The Association's statement asserts that representatives of the Chicago board who appeared before the Car Service Commission in Washington a few days ago were assured that everything would be done to meet emergencies, but that the grain men had shown no emergency.

It was asserted to the commission, the statement says, that fifty per cent of the cars needed were for export grain.

(Associated Press Dispatch.)

Columbus, O., February 22.—When William Pope, employee of the Fairmont Creamery Company entered a room on the fourth floor of the building about 8:30 o'clock Thursday morning, he found William Stadler, aged 45, night watchman, lying dead on the floor.

Stadler had been working at the creamery but a week, having recently moved to Columbus from Chillicothe with his wife and six children.

The room in which Stadler was found was filled with fumes from a coke salamander.

The body was taken to the morgue, where Coroner Herskowitz said the man had been asphyxiated.

GERARD IS NOW
IN OLD MADRID

(Associated Press Cable.)

Madrid, via London, February 22.—James W. Gerard, former American Ambassador at Berlin, and his party arrived here this morning on their way to the United States.

The Americans were met at the station by representatives of the Foreign Office and by Joseph W. Willard, the American Ambassador and his staff.

FOOD RIOT
ALARMING

(Associated Press Cable.)

London, February 22.—An Athens dispatch to Reuters says that food riots among the workmen at Piraeus have led to the closing of all shops and the custom house.

The rioting started at a meeting for the distribution of a fund raised by public subscription for the relief of the unemployed.

The mob looted a number of grocery and butcher shops and a large number of arrests were made before order was restored.

SUSPECT HAD
LARGE SUPPLY
OF DYNAMITE

Man Claiming to Be An American Is Held In Spain After Extraordinary Find.

(Associated Press Cable.)

Paris, February 22.—Details of the arrest by the police in Carpagena, Spain, of a man giving the name of Wood, and calling himself an American citizen, are contained in a telegram forwarded here by the correspondent of Le Journal at Madrid.

After his arrest, Wood received the protection of the German Consul at Carpagena, who said the presence of the man at that seaport was inexplicable, excepting in connection of

BLOCKADE FAILS
TO STOP MAELS

(Associated Press Cable.)

Christiania, via London, February 22.—It is officially announced that mails can again be sent to western Europe and America. The date of sailings, will, however, not be published.

the discovery off the coast of a ship's boat marked U-19.

The Carpagena police, the correspondent adds, supposing that Wood had disembarked from a submarine, searched the roads and found a number of boxes, covered with waterproof cloth and containing dynamite, gun-cotton and gasoline.

The German submarine U-19 figured in the Sinn Fein rebellion in Ireland last Easter. It was the vessel which carried Sir Roger Casement, the supposed head and prime instigator of the revolt, to Tralee, where he landed on Good Friday with Daniel J. Baily, a British private, and a third man named Montellth.

FOOD RIOTS
ON INCREASE
IN NEW YORK

Police Reserves Called Out to Restore Order in Gotham.

(Associated Press Dispatch.)

New York, February 22.—Housewives continued their demonstrations against the high cost of living here today. Police reserves were called upon to suppress outbreaks in various parts of the city.

Dozens of push carts were overturned, the contents destroyed, and the owners attacked.

Hundreds of women, some with babies in their arms, acted as pickets before provision stores in an effort to establish a boycott.

Most of the disorder occurred when a would be purchaser defied the pickets.

A police magistrate, in suspending sentence on one offender, gave warning that hereafter he would send disturbers to jail.

1,000 WOMEN
ARE KILLED

Greatest Disaster of War Comes to Light in Reports From Dresden.

(Associated Press Cable.)

London, February 22.—The explosions in ammunition factories in Dresden during the Christmas holidays was the greatest disaster that has occurred anywhere since the war began, according to a Central News dispatch from Christiania quoting a Dresden dispatch to a Christiania newspaper.

More than 1,000 persons were killed out of the 30,000 employed in the wrecked factories.

Emperor William visited the scene on the following day.

A Paris dispatch dated January 27 said that, according to a letter taken from a German soldier and written from Dresden, the Dresden arsenal had been blown up and 1,000 women and young girls killed. The letter was dated December 30.

POMERENE
LAMBASTS
TEUTONS

Ohio Senator Declares Both Germany and England Violated Rights—President Delivers Short Address.

(Associated Press Dispatch.)

Washington, February 22.—President Wilson participated in George Washington's birthday exercises here today, at which frequent reference was made to the present international situation.

"It is much less of an adventure to write history than to try to enact it," said the President in presenting a gold medal to a schoolboy for writing an essay on history.

The President pledged allegiance anew to the American flag, and with the remainder of an audience including members of the Cabinet, diplomats and congressmen, he stood at salute while the pledging of allegiance was repeated.

Reference to the traditional friendship between the United States and France was made by N. B. Woodworth, of Syracuse, N. Y., past president of the Sons of the American Revolution, while Jules Jusserand acknowledged applause. Senator Pomerene, of Ohio, delivered the principal address.

Senator Pomerene denounced Germany's submarine campaign and assailed pacifists who are urging a referendum on the question of war.

"I hope that they will make an arrangement under which the enemy will do no shooting until the vote is taken," said the Senator.

Senator Pomerene said that both Germany and Great Britain have violated American rights, but that Germany had sacrificed American lives.

He urged all Americans to stand behind the President in the present emergency.

PROMINENT MEN
SURRENDER TO
FEDERAL MARSHAL

(Associated Press Dispatch.)

Evansville, Ind., February 22.—Five of the city's most prominent Republicans were among those who surrendered themselves to United States Marshal Storen this morning on indictments returned by the Federal Grand Jury in Indianapolis for election frauds.

All five men were accompanied by their bondsmen, two of whom are leading citizens of the city.

DO NOT AGREE
ON PROPOSAL

(Associated Press Dispatch.)

Washington, February 22.—The Senate Judiciary Committee today failed to agree to the bill proposed by the Department of Justice to authorize the President to use the armed forces of the United States to enforce its neutrality obligations, and it was declared by several senators that it probably would not be reported.

LARGE CROWDS VISIT THE CORN AND AUTOMOBILE SHOW

More Than 1000 Persons Attend Night Session and Hundreds Hear Miss Payne in Interesting Address—Additional Awards—Thousands Expected Friday and Saturday.

It is estimated that between two and three thousand persons visited the corn and auto show and domestic science and arts display at the tabernacle, Wednesday the opening day of the show. All indication are that the next two days will be much larger than the first.

Thursday morning the visitors began pouring linearly and the forenoon crowd was much larger than the committee had anticipated, while the afternoon crowd by far exceeded the Wednesday afternoon attendance.

Without exception all visitors have been greatly pleased with the various departments of the big show, and were really surprised at the magnitude of the affair.

The work of the Washington Band is adding much to the enjoyment of the show, and the Band is receiving a great deal of praise for the really beautiful music rendered.

All members of the band are equipped with brand new uniforms which add a great deal to the appearance of the splendid organization of musicians. The uniforms are of dark blue, with caps to match. The organization is made up of 25 pieces, which this week includes three good out-of-town musicians.

The large display of automobiles is drawing a goodly portion of the attention of the throngs of visitors, and the dealers are kept busy explaining the merits of their cars and answering questions.

For all women and a great many men the domestic science and arts display literally "hold the center of the stage."

Miss Anne McGregor Payne, with the Ohio State Journal of Columbus, labored incessantly in the work of judging, Wednesday, but her work was little more than half finished at the close of the day.

However, regardless of her weariness, she addressed a mixed audience of several hundred men and women, Wednesday night, delivering one of her usual intensely interesting lectures and receiving many words of appreciation from those who heard her.

Prior to her appearance for the lecture, Miss Payne was presented with a beautiful corsage bouquet, the gift of appreciative women of the committee.

In opening her lecture, Miss Payne announced that with few exceptions the bread exhibited was not as good as it should have been because the dough was too stiff and not sufficiently kneaded. She urged thorough kneading and the second time not to use additional flour. She urged more care in the method of covering for rising; more care in the shape of the loaf and pointed out why certain shapes were necessary. Much of the bread was not salty enough, she declared.

She announced her guide in scoring the bread, as follows: Flavor, 35

points; lightness 15 points; grain and texture, 20 points; crust, 10 points and color moisture 10 points; shape 10 points.

Speaking of the cakes she roundly complimented the exhibitors on the beautiful cakes exhibited, stating that she had never seen, even at a state fair, such attractive cakes, and such delicious angel food and sponge cakes.

THE DIET SQUAD

Beginning Monday of next week Miss Payne will prepare meals one week for the "diet squad" of the Ohio State Journal and for one week will feed eight persons, including Governor Cox's secretary and Maude Murray Miller on food costing 25c per day for each person.

With the present high prices the result will be watched with deep interest.

Her guide in scoring the cakes was flavor, 35 points; lightness, 15 points; texture 20; crust 10; appearance (size, shape, color and icing) 20.

The remainder of her lecture was on dietetics, and of an exceedingly helpful nature.

Thursday morning she resumed her work of judging the remainder of the cakes, doughnuts, and the domestic arts exhibits, completing it later in the day.

The butter was scored by Mr. H. L. Spray, of the Fayette Creamery.

Thursday afternoon Mr. J. R. Clark director of the Junior Contests, delivered an address in which he explained the contests.

The show will be open each night, and band concerts will be a feature as well as other attractions of an interesting nature. Band concerts are given each morning and afternoon the remainder of the week.

DOMESTIC SCIENCE AWARDS

Class 13—Yeast Bread, girls under 18—1st Miss Mary Baughn.

Class 16—Chocolate Fudge—1st Miss Helen Baker; 2nd Miss Ethel Calvert; 3rd Mrs. L. E. Miller.

Class 2—Yellow Cake—1st Mrs. Ralph Braden; 2nd Mrs. L. E. Miller; 3rd Mrs. B. E. Keiley.

Class 4—Sponge Cake—1st Mrs. E. F. Todhunter; 2nd Mrs. Geo. Hitchcock; 3rd Mrs. Ralph Braden.

Class 3—Angel Food—1st Mrs. E. F. Todhunter; 2nd Mrs. Chas. Gage; 3rd Mrs. Wert Baughn.

Class 7—White Cake, girls under 18—1st Portia Brownell; 2nd Nelabel Creath; 3rd Mary Casey.

Class 14—Butter—1st Mrs. Clark Post; 2nd Mrs. Ralph Braden; 3rd Mrs. Zella Allen.

Class 1—White Cake—First, Mrs. Al Armstrong; second, Mrs. Wert Elliott; third, Mrs. Bruce Mark.

Class 5—Chocolate Cake—First, Mrs. David Hogler; second, Miss Della White; third, Miss Ethel Calvert.

Class 6—Fruit Cake—First, Mrs. Frank Parrett; second, Mrs. Rosa Carson; third, Miss Nana Thompson.

Class 15—Doughnuts—First, Mrs. Joseph Allmann; second, Mrs. Will Reif; third, Mrs. J. E. Haines.

WELFARE DISPLAY OF DEEP INTEREST

A trip to the corn and auto show is not complete without a careful inspection of the display of the Welfare Association, in charge of Miss Sutton.

This display is located in the south end of the tabernacle, and is formed chiefly by a series of statistical charts, drawn by high school pupils, and some fascinating drawings by Miss Bess Cleaveland, the entire display being directed toward eliminating the house fly.

"How long shall we two eat together" is the question being asked by a little child as she surveys a filthy housefly on the edge of the bowl from which the child (and fly) are eating. And what would be the results of a vigorous campaign are indicated in the second illustration by Miss Cleaveland, almost like the first except a fly of starved appearance has alighted on the bowl of food and the child, startled asks: "What 'at?"

Literature dealing with the fly pest is being distributed by the association.

A fly trap, made by the boys of the Cherry Hill manual training class, is one of the exhibits, and these are being sold at, or near cost.

ART EXHIBIT WILL BE HERE NEXT WEEK

Beginning February 28 and continuing to and including March 3rd, the Elson Art Company will have a large art exhibit at the high school building, under the auspices of the school, and local citizens again will be afforded an opportunity to learn something of art and study the scores of beautiful pictures which will adorn the walls of the large room in which they will be exhibited.

The exhibition of pictures is one of more than ordinary interest. It consists of carbon photographs and engravings, loaned by the Elson Art Publishing Company, Inc., Belmont, Mass. The collection is a large one and contains only the very best reproductions of the masterpieces of art of different countries and periods. Nearly every gallery and country in the world would have to be visited to see the original pictures which are here brought together in one collection.

The collection comprises two hundred subjects representing all the principal schools of art and including many reproductions of sculpture, architecture and important views from nature. Few collections have ever been brought together which so completely cover the history of art of all times as this.

FIELD SECRETARY IS IN CITY TODAY

"Tax large inheritances to pay old age pensions," is the slogan of The Old Age Pensions League of Ohio, whose field secretary, Walter J. Willard, was in the city Thursday. The league is composed principally of leaders of organized labor and Herbert S. Bigelow, of Cincinnati, is a moving spirit in it.

A constitutional amendment is required for the scheme, which proposes that every man and woman, in the state shall be pensioned when sixty-five years of age. What they lack from private sources to make twenty dollars a month is to be made up by funds which are to be obtained by taxing large inheritances. The miners of the state have promised half of the required number of signatures.

Petitions will be circulated in this community.

LONG TIME RESIDENTS LEAVE FAYETTE CO.

Mr. and Mrs. J. A. Stout, Fayette counts for many years, moved Thursday to the farm Mr. Stout recently purchased at Blanchester. Their sons, Dr. C. A. and Dr. Roy Stout reside in Cincinnati, which influenced Mr. Stout in the purchase of a farm not far from there.

For the past six years Mr. Stout has been operating the Armstrong farm of 550 acres, at Glendon. During that time a number of improvements have been made and he leaves the farm in excellent condition for the new manager, Mr. C. P. Jamison, of Frankfort, who takes possession at once.

BAPTIST GOSPEL TEAM

Last Sunday afternoon the Gospel Team of men from the Baptist church went in Dr. Maddux's and J. B. Miller's automobiles to Bloomingburg to attend and assist in the revival there. Some of the nine men who went were converts from the Bromley meetings. All engaged in the service in Christian testimony and personal work and their efforts were blessed in helping other men to Christ.

WASHINGTON HIGH BOYS LEAVE FOR BIG TOURNAMENT

Local Basket Ball Team Hopeful of Being in Finals and Making Someone Hump for the Coveted Cup.

Thursday morning the H. S. Basketball team left for Athens, where they will compete for honors in the Southern Ohio Interscholastic Tournament.

There will be sixteen teams represented including the following: Athens, Ashville, Chillicothe, Crooksville, Glenford, Gallipolis, Nelsonville, New Lexington, Pomeroy, Stewart, Shawnee, Logan, McArthur, Portsmouth, and Washington C. H.

Ohio State University referees will have charge of the meet, and the first games will be held Friday morning at nine o'clock. Four games will be played at that time and in the afternoon will be consolation games.

Last year Portsmouth won the tournament and it is expected that they will be dangerous competitors this year. However, Washington stands good chances of winning the cup, or at least of getting into the finals. Chillicothe also ranks high among the competitors, last week having defeated the strong Wilmington team.

To the winner of the tournament will be given a beautiful silver loving cup and to each individual will be awarded an appropriate souvenir. Each player of the winning team will receive a gold watch fob.

Probable lineup: Gregg, rf; Slagle, lf; Willis, c; Strevey, rg; Burnett, lg; Lloyd and Lewis accompanied the team as subs.

JUST ONE SAMPLE OF WHY COST OF LIVING IS HIGH

That high prices are found in the first sale of some of the chief commodities is brought forcibly to mind by the results of a sale conducted by Col. R. T. Scott, near Sabina, Wednesday of this week.

The sale in question was that of E. H. Braekney, and 1400 bushels of corn in the crib sold for an average price of \$1.21 1/4 per bushel, while part of it sold at \$1.23 3/4 per bushel.

Twenty head of sows, not yet one year old, brought an average price of \$44.50 per head.

Other farm products brought correspondingly high prices, and in a great many instances the prices are being duplicated at public sales in this part of Ohio.

98 CONFESSIONS AND 66 BAPTISMS

Up to the present time there have been 98 confessions and 66 baptisms as a result of the special service at the Church of Christ, Wednesday night five confessed Christ and two were baptized.

The church was filled to its capacity Wednesday night many standing. The singing was good and the interest deep. Miss Amy Kier sang a very beautiful solo, "This Way Papa." Dr. Tillock spoke on "The Question of Questions." The question being "What Must I Do to Be Saved?" He stated during the course of his sermon that Jesus came into the world to answer this question and answered it so plainly and simply that even a wayward man could not err; that if he did not answer this question His mission was a failure.

Tonight at 7:30 Dr. Tillock will speak on "The Three Salvations."

MOTHER IS DEAD AT AGE OF 97

Mrs. Nancy Ferrin, mother of Mrs. Rachel Seymour and Mrs. Susie Flynn, of this city passed away at her home in Chillicothe, this week, at the advanced age of 97 years.

Mrs. Ferrin is survived by eight children.

BAPTIST CHURCH

The people who signed cards in the Bromley meetings with preference for the Baptist church are being received. The meeting tonight is for prayer and evangelistic effort, with an address by the pastor, followed by baptism. The public is invited. Meeting will begin at 7:30.

There will be a Market at Hughey's Confectionery on Saturday, commencing at 10 a. m. Home Baking of all kinds.

VIEWS OF OTHERS

Ed. Herald:—

Wheat prospects until the 1st of February. There was a fine prospect for a good wheat crop, but the recent zero weather and no snow protection has literally ruined the Fayette county wheat crop.

The wheat is not "piled" as bad as I have seen it, but it is frozen to death. The extremely early sown wheat may make a fair crop, but the medium and late sown is to my notion beyond help. I should estimate that nine-tenths of it is killed. If the farmers get their seed back they will be lucky.

If the Western States are in the same condition as this section I predict that there will be the greatest scarcity of wheat the United States has ever known.

A warm wet spring may work wonders, but when the crown of the growing wheat plant is dead I can't figure where the crop will amount to much.

A FARMER.

The Woman Rivals the Actress

The recent visit of Sarah Bernhardt to the neighboring city of Cincinnati, upon which is without doubt her farewell tour, has convinced all who saw her that, while the Bernhardt remains as superior to criticism as heretofore, today it is overshadowed by interest in the woman.
The great Sarah is giving to the world an example of unconquerable courage and supreme willpower and at the age of 72 years. There have been few women of the stage who have attempted to maintain their activities at anything like her time of life and none who at three score years and ten still reigned as a star, and by the force of her personality preserved her beauty and charm.
Her physical condition makes all the more amazing her continued success upon the stage. She refuses to recognize so severe a physical handicap as the loss of her limb, and with uncompromising bravery meets the demands of her present itinerary of "one night stands," with the additional labor of constant journeying and the inconvenience that involves.
There is pathos in the statement that the great French actress has little, if anything, left of the fortunes she has made and must now labor for her grandchildren, left to her care.

There are few who would refute the claim that the stage has never produced her like, or refuse admiration to one of the most remarkable women of the twentieth century.

A Great Show

"It's the biggest show of the kind held in Ohio in years." This is the verdict of the judges at the Mid-Winter Grain Festival and Auto Show, opened in the Tabernacle Wednesday.
And they are just right, too. It's a remarkable show—the largest and finest ever gotten together in this section, and highly educational in its value.

It is a mammoth combination show that surpasses the state show in quantity and quality and in the liberality of its premiums, and is certainly a great thing for Washington and Fayette county.

Of course, corn is king, but there is close rivalry in the interest of the Domestic Science and Domestic Arts departments, to say nothing of the big auto show, a tremendous drawing card in itself.

Such a show gets down to the rock bed of living. The great display of corn not only arouses deep interest among farmers; it stimulates them to the maximum of progressive efforts. If one farmer can raise an ear of corn worth twenty-five dollars why cannot others? It leads to investigation and improved methods of farming and the raising of better grain.

The big surprise of the show is the Domestic Science department and Fayette county women have certainly assembled a marvelous display of culinary delicacies.

This department is as important to the women as the corn show is to the men, and has in it immense possibilities for raising the standard of cooking. Domestic Science experts are there pointing out the importance of relative food values and giving many suggestions along the line of scientific modern cooking.

The Auto Show is giving the people the opportunity to gaze upon the beauties and wonders of the newest motor car designs—to examine them at close range and satisfy themselves about the various phases of construction.

It's a fine show—good for our city and highly creditable to Washington's enterprise, and her progressive men.

The Spirit of '76

That the spirit of '76, which a hundred and forty years ago led our forefathers, to victory in arms and freedom for themselves and their ever thankful posterity, has not diminished with the trend of the years, but rather has increased, if it were possible, has been convincingly attested in the days that followed the nation's diplomatic rupture with Germany.

The ripple of patriotic sentiment which began with the first announcement of President Wilson's intention has grown with the passage of each day until it has assumed the proportions of a tidal wave. From all parts of the United States and from Americans in all parts of the world have flooded the loyal and unselfish proffers of service and co-operation in the event of national need.

First among those to announce their fidelity to the American flag, be it said with pride, were the German-American citizens themselves, through their organizations, as well as the scores of leading German-American journals throughout the country.

Headed by Henry Ford, big manufacturers have offered their plants to the government in case of necessity, among them the Goodrich Rubber Company of Akron.

Recently President Wilson received a letter from Col. Castleman of Kentucky, an officer of distinction in the Confederate Army, in the dark days of the country's civil strife, pledging "active and strong, though up in the seventies," pledging himself to any service in his power in behalf of "his country."

Motor clubs, areo clubs, and detective organizations in all parts of the United States have rallied with the rest, and only last week Chairman Willeox of the Republican National Committee, a worthy antagonist in the recent presidential campaign, paid the President a personal visit to assure him of any support "within his power."

This is the stuff Americans are made of! Let it not be said that the spirit of '76 is no more.

Poetry For Today

WORLD WEARY
I am tired of the world and its follies
And I long for the time that's to be
When this wearisome burden of living,
Will fall like a garment from me.

I am sick of the sin and corruption,
With which this world is so rife,
Though yet in its beautiful summer,
I am weary, so weary of life.

I am tired of the play that is acted
The sickening play of deceit,
But a farce is the dream of living,
I repeat, and again repeat.

Deep, deep in the mire of perdition,
Surges life's great cavalcade,
Despoiling the beautiful foot-stool,
The hand of the Good Father made.

What wonder I faint by the wayside,
What wonder I fall in the fight,
The demon of wrong has supplanted
The starry-eyed goddess of right.

O! I long for the glorious dawning,
Of that beautiful day yet to be,
When this wearisome burden of living,
Will fall as a garment from me.

The above beautiful poem was written by Judge James Sloane. He was one of the best lawyers that ever lived in Hillsboro and the father of Ulric Sloane, who died several years ago. It is reprinted by request. Ed.

Lowest temperature 24.
Mean temperature 37.
Barometer 30.24. Rising.

SPEEDING UP OF EUROPEANS HAS ADDED ABILITY

Oxford, O., February 22.—War in Europe has so increased the individual efficiency of workmen there that they will constitute a far more formidable type of competition to Americans than prevailed before the outbreak of hostilities, according to Nathan C. Schaeffer, superintendent of public instruction of Pennsylvania, the principal speaker at Senior Day exercises of Western College for Women.

"Before the outbreak of the war," said Mr. Schaeffer, "the American workmen could hold his own in competition with those of Europe. His habits of work were such that in a given time he would turn out more products than would sell than his European competitor."

"When the Westinghouse people built their electric plant in England the average bricklayer would lay 400 bricks in a day. Under American leadership, he learned to lay 1,500 bricks in a day. The English nail maker would produce 200 pounds of nails per week whilst the American would turn out 5,500 pounds. A German weaver would produce 466 yards of cotton a week whilst the American produced 1,200 yards. The stress of war has changed the habits of the working classes in Europe and they have learned to work at a maximum of speed and efficiency."

"The American will be confronted by a fiercer commercial and industrial war when peace comes and it behooves the school to beget habits of work and skill that will fit our boys and girls for the life that is before them."

SUNNY SIDE BIBLE CLASS

The Sunnyside Bible Class will meet Friday, February 23, at 7:30 o'clock with Mrs. H. V. Rogers. Bring Bibles.

—Nelson in St. Paul Pioneer Press.

SOLONS VISIT O. S. U. TODAY WATCH REVIEW

Washington's Birthday Anniversary Observed by State Officials—Legislative Notes.

By Associated Press Dispatch.
Columbus, O., February 22. — Members of the General Assembly and state officials were guests today of the Ohio State university Alumni association at the annual Washington's Birthday celebration held on the university campus.

The solons witnessed a review of the University cadets this morning, attended a luncheon in the armory at noon and heard addresses in the chapel this afternoon. Governor Cox, President Thompson of the university and others spoke. Secretary Daniels of the navy was to have been here, but was detained in Washington. President Thompson will hold a reception for the public officials to night.

Members of the legislature frequently were reminded by university coeds today of the need of a woman's building at the university. A bill providing for an appropriation of \$150,000 for such a building has been introduced in the House by Representative Hunter of Franklin county.

The Senate committee on public utilities considering proposed anti-trading stamp bills is expected to report out an amended measure for passage which will be less drastic than the original bills. It will exempt merchants who give duplicate cash register receipts redeemable in merchandise and manufacturers who give premiums direct but will prohibit trading stamp companies from operating in the state.

Osteopathic practitioners and representatives of the state medical board are said to have reached an agreement over bills proposed for the regulation of osteopaths whereby the bills pending effecting them will not be opposed by the medical board.

Representative James Reynolds of Cleveland, champion of woman's suffrage in the House, lost two hats this

week. "An anti-suffragist sat on one of my hats and ruined it and now a second one has disappeared," he told Speaker Hopple.

An item of \$60 for "forage" included in Governor Cox's budget for the adjutant general's office means that the state of Ohio spends \$60 a year for squirrel food to feed the squirrels and pigeons that inhabit the state house grounds. And this is not all these state house pets get. Visitors in the course of a year feed them \$50 worth of nuts, the adjutant general's department has estimated.

Columbus is preparing for a welcome home to the boys of the Fourth Infantry, Ohio National Guard on Sunday, March 4. According to word received from General John C. Speaks the Fourth probably will be ready to leave for home from Fort Wayne, Michigan, by March 3, arriving here the next day.

Former Governors Harmon and Campbell have inspected several sites in Columbus for a governor's mansion and will confer with former Governor Herrick of Cleveland before reporting on any of them.

VESSEL SUNK CREW LANDED

By Associated Press Dispatch.

Washington, February 22. — Sinking by a German submarine of the Swedish steamer Skogland, which had five Americans aboard, after the crew had been given ten minutes to take to their boats, was reported by Consul General Hurst at Barcelona, Spain, in a message today to the State Department.

No one was injured and the crew was landed safely at Tarragona, Spain.

U. S. SHIPS SAIL

(By American Press)

New York, Feb. 22.—The first American line steamship to leave this port since the German submarine warning was issued the Mongolia is on her way to Europe. The Mongolia was followed closely by the American freighter Algonquin. Both are bound for London and are the first American vessels to sail from here for a British port since Germany's warning.

WILL MEET FRIDAY

Meeting of the Library District Community Bible Class at Mrs. E. N. Holloway's Friday afternoon at 2:30. All are welcome.

PRESIDENT SEEKS FRIENDSHIP OF CENTRAL AMERICA

Washington, Feb. 22.—President Wilson in a letter to Senator Stone, chairman of the foreign relations committee, dated Feb. 17, urging ratification of the Colombian treaty with this session of congress, declared "that we need now and it is possible shall need very much more in the immediate future all the friends we can attach to us in Central America."

The president expressed surprise at the opposition to the treaty "in view of the unusual circumstances of the moment." The text of the president's letter was given out by Senator Stone. It reads:

"The main argument for the treaty and for its immediate ratification is of course, that in it we seek to do justice to Colombia and to settle a long standing controversy which has sadly interfered with the cordial relations between the two republics. In addition to that argument, which should be conclusive, there is this only too obvious consideration that we need now and it is possible shall need much more in the immediate future all the friends we can attach to us in Central America, where so many of our most critical interests center."

2,000 ATTEND

The estimated attendance at the auto and corn show from noon to four o'clock Thursday afternoon was 2,000 persons, including a great many strangers in the city from other parts of the state.

MAINE FOR SUFFRAGE

By Associated Press Dispatch.

Augusta, Maine, February 22. — By unanimous vote, the Senate today adopted a resolution providing for woman suffrage by constitutional amendment.

The measure, which the House adopted yesterday, 113 to 35, now goes to the Governor for approval and will be submitted to the voters at the September election.

HORSE THIEF GETS FREEDOM

By Associated Press Dispatch.

Columbus, O., February 22. — Governor Cox today pardoned John Connolly, aged 68, of Guernsey county, one of the two life prisoners left in the penitentiary sentenced there under the old habitual criminal act, long since repealed.

Connolly was taken to the penitentiary just 17 years ago today, having been convicted of horse stealing in Guernsey county and sentenced to life under the habitual criminal act because of having served a previous term in prison.

MAJOR ALLEN WILL BE MUSTERED OUT

Major Bell G. Allen leaves for Detroit, Thursday evening, where he will join the Fourth Regiment to be mustered out within the next few days.

Major Allen received instructions from the Senior Mustering Officer of Indianapolis, Indiana, a day or two ago, directing him to report at Fort Wayne, Detroit and he leaves accordingly.

In returning he will accompany Company M back to this city.

In Social Circles

The February meeting of the Presbyterian Missionary Society was very largely attended Wednesday afternoon at the spacious home of Mrs. D. H. Barchet. Assisting in entertaining were Mesdames Pyley, Paul, Frank Chaffin, Mary Millikan, Elliott, Chandler, Bowen, Albert McCoy, Slagle, Snider, Passmore, Bryant, Schneider, Bennett, H. E. Edwards; Miss Tullis, Miss Hays.

Mrs. Austin F. Hopkins led the opening service, and emphasized strongly in different ways the couplet which was the motto for the day, referring to the two subjects considered, the Indians, and Korea. "Out of the deep of sacrifice, the pillars of the future rise," and great pillars may be developed yet in the years to come. After the reports and business, special attention was called to the Presbyterian meeting here, 19th and 20th of April.

Mrs. R. S. Quinn took charge of the program. Mrs. Regina Staudus read an exceedingly interesting paper on "The Indians," and emphasizing two great abuses against the Red Men, the liquor traffic and the dishonest transactions of land agents. The last ten years has made an increase in the Indian population, but of the 350,000 Indians in the United States and Alaska, half of them are without the gospel. This paper was written by Mrs. Brotherton of Piqua, and sent to the society by Mrs. Kerr.

Miss Ada Woodward's singing of two quaint Indian songs, "Far off I Hear a Lover's Flute," and "The White Dawn is Stealing," gave effective finale to the subject of the Indian. Mrs. Frank Jackson, presents a picture of Korea, or Chosen, as is the new name of the country, and it was of great interest to hear in how many ways Chosen was coming out of the darkest heathenism into Christian civilization.

The Good Hope W. C. T. U. held an interesting service with Mrs. John York, president, Wednesday.

Mrs. York read an article on "Frances Willard School Day's" and presented the physical culture work under the special subject of "Correct Poise."

The next meeting will be held at the home of Mrs. Willis Boyer on the third Wednesday of April. Mrs. Alice Taggart, County President is expected to be a guest and Mesdames York and Green will assist Mrs. Boyer as the afternoon's hostesses.

The first regular session of the Business Women's Bible Class was held at the First Baptist Church Wednesday night, with an attendance of a hundred and fifteen.

Under the guidance of the teacher, Mrs. Austin F. Hopkins, the class took up the study of "Acts" as outlined in the book gotten out by Miss Saxe, Billy Sunday's Bible teacher.

An advisory board of three members was appointed to assist the officers, those appointed were Miss Lina Willis, Emma Jackson and Mary Robinson.

Mrs. Lizzie Buck complimented Mr. Einar Jensen with an elaborate turkey dinner in honor of his birthday Wednesday evening.

Covers were laid for eight of Mr. Jensen's close friends and the dinner hour was marked by unusual gaiety and a continuous shower of good wishes for the honor guest.

The table was a picture the decorations carrying suggestions appropriate for Washington's birthday and the patriotic colors used.

The centerpiece was a positive florist chef-d'oeuvre, a floral "Banker Hill," the mound built up of simlax, and at the top George Washington in all the glory of his bright continental uniform standing by the cannon. The sides of the mound were brilliant with cherry trees and bright cherries.

The place favors were red, white and blue satin shields, surrounded by brightly burning tapers.

POTATOES

\$1.50 a Bushel

Only a short time ago potatoes sold for \$1.50 per bushel, but now they sell for \$5.00. Eggs sold for 20c dozen, but now they ask 50c. But bear in mind the

COLONIAL

is still 10c.

Tonight House Peters and Gail Kane in

The Velvet Paw

A merry crowd of four couples enjoyed a Washington's birthday auto trip and "Bacon Bat" Thursday afternoon.

The party included Misses Jean Fitzgerald, Mary Alice Culhan, Carrie Willis, Lora Ellen Tharp, Ronald Dick, Glen Griffith, Russell McKee and Walter Fultz.

The Gleaner's Class of McNair Memorial church met at the home of Mrs. Frank Cox, on Temple street.

There was an attendance of twenty-four members with a number of visitors.

The Class was reorganized by electing Mrs. Cary Cripps, teacher. Mrs. Sam Lydy, president; Mrs. H. M. Barnes vice president; Mrs. W. H. Craig, secretary; Mrs. Harry Backenstoe, treasurer.

Mrs. Cary Cripps assistant hostess and Mrs. Cox in serving dainty refreshments during an enjoyable social hour.

Mrs. Jennie Mark extended the hospitality of her home for the regular meeting of the Ladies Aid Society of the Church of Christ, Wednesday afternoon.

PERSONALS

Nine Reasons Why You Should Buy an

Oakland

\$875 Sensible Six \$875

LOOK at the Oakland Six from any angle, study it as a complete machine, or as a thing of many separate units—whatever your viewpoint, this car appeals to your common sense. It satisfies your desire for good investment, for power, comfort, and performance, for attractive lines and distinctive style—and it does all this at a cost which good judgment tells you is a sensible price.

The new Oakland model is Sensible because it is a Six. It has the flexibility and power linked with simplicity of construction and economy of operation which users of cars have found to be best obtained in this type of motor.

It is sensible because it is a powerful car. The Oakland Six motor develops 41 H. P. at 2500 R. P. M. It gives 1 H. P. to every 53 pounds of car weight and this is greater proportionate power than is given in any other stock car we know of.

It is sensible because it has a high speed, overhead valve motor. High speed motor means economy, flexibility, and power at the speeds you use most. Valve-in-head construction means greater efficiency of fuel, and in the Sensible Six it means unusual accessibility of valves and cylinders.

It is sensible because it is a light weight car. The Sensible Six weighs 2150 pounds, yet it is a big, powerful, easy riding car, strongly and rigidly built throughout. This insures economy of tires and fuel.

It is sensible because it is a very roomy car. The wheelbase is 112 inches, and because the motor is compact, the body of the Sensible Six is extra long. There is 6 inches more leg room than in our big Model 32, the seats are wider and the sides are higher.

It is sensible because of its wonderful riding qualities. Big, oversized tires—32 inch in long, semi-elliptic, 51 in rear springs and increased wheelbase have greatly improved the road action of the new model, and makes it one of the most comfortable and easy riding cars ever built.

It is sensible because of its low cost of operation. The Oakland Six will consistently give its owners from 18 to 25 miles of travel to every gallon of fuel. Because the tires are bigger than needed for the weight of the car, tire mileage is much above the average.

It is sensible because it has "made good." Model 34 is not an experiment, but a known quantity—the product of time tested experience and actual road service. It is a continuation of and improvement upon the Oakland Model 32, which is being used today by more than 25,000 highly satisfied owners.

Lastly, it is sensible because of its price. Considering all the above mentioned features and superiorities of the Oakland Six, its price is extremely reasonable. At \$875 it represents the very limit of motor car value, because it gives more power, more body room, bigger tires, and more built-in service than other cars of its type and price.

The Powell Auto Co.

We Are Not Exhibitors at the Auto Show, but cars are on display at Powell's Garage, South Fayette Street.

STINSON EXTENSION SCHOOL OPENING

Mrs. Eldora Stinson and Miss Cora Belle Dean gave a recital at the formal opening of the Stinson Extension School of Music at Jeffersonville, Monday afternoon, at the M. E. church. They were assisted by Mauna Straley Shockey and Miss Forest Allen, members of the faculty who joined them there.

All were greeted with an enthusiastic audience although it was given late in the afternoon on account of the protracted meetings.

An informal reception was given Miss Dean, the new vocal instructor, after the recital, during which many expressed a desire to join her department. Mrs. Shockey, representative of piano at Jeffersonville, is already doing splendid work in her department as is also Miss Allen in the Elocution department.

George Washington Entertainment to be given at Stinson Conservatory on February 23 at 8:00 p. m. Choral Class from 7:00 to 8:00.

1. Birds and Flowers—Gaynor—Jean Michael, Jeanette Byron, Mary Shoop, Marica Fagins.

2. Blue Bells of Scotland—Rickaby—Dorothy Post.

3. Melody of Love—Engelmann—Alice Reser.

4. Flower Song—Lange—Mildred Hyer, Lydia Stolzenburg.

5. A Little Pink Rose—Carrie Bond—Helen McKee.

LORD, GIVE US PEACE!

Last night in a dream, Oh Father,
I saw a battle ground,
The dead and the dying about me,
A field of blood all round.
The dismantled cannon before me,
Abandoned guns and swords—
Thrown from the hands of the dying
As the enemy came toward
Them at a fearful gallop
Full of their vengeful ire—
I saw it all so plainly,
Saw them kindle a funeral pyre!
I prayed from my heart, O Father,
I prayed to Thee in the dream,
To protect our homes and country
From all that such war-clouds mean!

Then soon the dream was changed,
and joy!
I gazed on a country free!
I felt the restfulness and peace
To be had 'neath Freedom's tree!
O Father, grant that the vision of war
May ne'er again pass our way,
But that the dream of peace and joy
May visit this whole world some day.
Hasten, then, we pray Thee,
The time when worlds may be
Ruled by the Brotherhood of Man,
And abiding peace with Thee!
Hasten, oh swiftly hasten,
That it's not brute force should govern
But love and charity!

Oh, give to us abiding peace,
We've heard enough of war.
We've heard enough the bullets whiz,
Enough, the cannon's jar!
We've heard enough, Oh Father,
The soldiers' stifled groans,
The widows' sorrowing prayers,
Enough, the orphan's moans!
From out the Eternal Kingdom,
Where Thou with the good doth dwell
Send forth the message of "Peace on Earth."
That the watchman's cry "All's Well!"
May come as a balm to our troubled
breasts.
May prove a talisman fair!
Hear us, Our Father, and grant us
peace—
This is our Nation's prayer!
—Bertha Irene Tobin.

FRUIT IS KILLED FOR FIRST TIME

For the "first time" this season the fruit has been killed, by a man who claims to know. He declares the recent zero weather "cooked" the tender little blossoms snuggled away in the innermost folds of the peach tree buds; some apple buds and other fruit buds.

But others who claim to know, declare that virtually all of the fruit is still safe, and that if it is not harmed by subsequent frozes, a large crop may be expected.

RESERVE THE DATE, MARCH 5, FOR THE CHATHAM CONCERT CO. AUSPICES McNAIR MEMORIAL CHURCH.

THE CITY BEAUTIFUL

FATHER OF OUR COUNTRY FIRST IN WAR, FIRST IN PEACE, FIRST IN THE HEARTS OF HIS COUNTRYMEN

WASHINGTON'S BIRTHDAY FEBRUARY 22

BAINBRIDGE HAS AN UNUSUAL SCRAP

While Dr. H. S. Cork, of Bainbridge, was being tried on a charge of cruelty to animals, Wednesday, he became incensed at Mayor Higgins, and following some hot words the mayor is accredited with having raised his cane as though to strike Cork.

Dr. Cork seized a chair and with a hard blow floored the mayor. The unfortunate mayor sustained a large scalp wound and the Doctor had a slight attack of heart trouble. Dr. Davis, of Bainbridge, attended both belligerents.

Dr. Cork is a councilman of Bainbridge.

HARTMAN THEATER (COLUMBUS)

Monday, Tuesday and Wednesday, February 26, 27 and 28. Matinee Wednesday. Leo Dietrichstein in

"THE GREAT LOVER."

Leo Dietrichstein in "The Great Lover" coming to the Hartman Theater, Columbus, for three nights, commencing Monday the 26th with matinee on Wednesday, has registered one of the most emphatic triumphs recorded in the annals of the American stage in this delightful Cohen and Harris production.

Especially worthy of note is the scenic and accessory investiture. Real photographs and etchings adorn the walls of the Impresario's office; an tiques of many varieties embellish the sitting room of the great baritone, Jean Paurel (Mr. Dietrichstein), the interior of the star's dressing room at the Gotham Opera House is also

A DAY IN HISTORY FEBRUARY 22

WE'RE HERE EVERY DAY

IF YOU ARE REALLY INTERESTED in getting the best possible laundry service obtainable in this city, just call Automatic 5201 or Bell 188-W and you are assured.

"AND THAT'S NO LIE"

LARRIMER LAUNDRY

lately a replica of the star dressing room at the old Academy of Music, New York City, where the idolized Campanini had the misfortune to lose his voice in almost the same manner that Jean Paurel does in "The Great Lover." In fact to witness this charming comedy is almost like tearing a page out of operatic history, so closely do the authors hold to stage traditions.

Mr. Dietrichstein's supporting company is especially well chosen, and is exactly the same one which carried his play to a brilliant triumph in New York City. Each character is perfectly "cast," and in the company of thirty players, there are twelve nationalities represented.

"The Great Lover" cannot fail to prove to be one of the genuine dramatic delights of this season, and should not be missed.

Corns Lotion Off With Magic "Geis-It"

2 Drops Do the Work, Painlessly.

"I tell you, before I heard of 'Geis-It' I used to try one thing after another for corns. I still had them. I used a broom and they made my

Corns Drive You Mad? Try "Geis-It" and They'll Feet Right Off!

too big. I used knives and other things that ate off more of the toe than they did the corn. I'd cut and dig with knives and scissors, but now no more fooling for me. Two drops of 'Geis-It' did all the work. It makes the corn shrivel and get so loose that you can just pick it right off with your fingers!"

There has been nothing new discovered for corns since "Geis-It" was born. It's the new way—the common-sense, simple, sure way.

"Geis-It" is sold everywhere. 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Washington C. H., and recommended as the worlds best corn remedy by Brown's Drug Store and Blackmer & Tanquary's Drug

EXPERIMENT STATION URGES USING OF WOOD TO REDUCE EXPENSES

Wooster, O., February 22.—The Ohio experiment station here has issued a bulletin suggesting that waste wood and "weed trees" be used for fuel wherever possible in order to cut down fuel bills and fight the high cost of living.

"While present high prices for fuel prevail," says the bulletin, "owners of woodlots can make good wages for themselves and hired men during these winter days by cutting and marketing fire wood that otherwise would be wasted and at the same time improvement can be made in timber lands."

"Not only could all waste wood be used, but 'weed trees' that have no other value except for firewood should be cut and marketed. Their removal increases the income from the woodlot and improves its condition by allowing valuable young trees greater freedom to develop." Beech, maple and other trees having wide-spreading limbs and short trunks are mentioned by the forester of the experiment station as undesirable trees that have little value except for fuel.

NOTICE

I have disposed of my business and must give possession by March 1st. I have for sale one cash register. Pay up week is at hand and I would appreciate it all persons indebted to me would settle their accounts so as to enable me to close up all business affairs by February 24th.

Poor Ventilation Causes Colds

A large manufacturing concern found poor ventilation in their offices caused their employees to have colds and that every cold meant a loss of \$24.00 to the business.

How much do you lose when you have a cold?

You may be an employee, you both lose; it is expensive and dangerous.

A cold does not get well of itself. Take no chances. Eat right, avoid exposure and drafts.

When you feel dull and headachy, feverish, start sniffing and sneezing, tight chest and sore throat you have a cold that needs attention.

The first aid is an old reliable remedy that has been used for coughs and colds for nearly 50 years—Dr. King's New Discovery.

It has given years of universal satisfaction and those that have used Dr. King's New Discovery longest are its best friends. It is pleasant to take and it contains the ingredients that have proved best for coughs, colds, croup and bronchial affections.

Your druggist has it—he's sold it for many years.

MUST GET READY FOR WOMEN VOTE

Cleveland, O., February 22.—The first presidential ballot cast by Cuyahoga county women under the Reynolds law recently passed by the Ohio legislature, will cost \$127,000, according to figures compiled by Assistant Secretary McNeil of the board of elections.

Should Governor Cox sign the bill, thereby making it a law, approximately 200 additional precincts will have to be created by the board and the same number of new voting booths installed. Booths now cost \$500 each. In addition to the \$100,000 for new booths, \$5,000 would have to be spent for additional ballots and records, and \$22,000 for clerks on registration and election days.

HEN PRODUCES 331 EGGS IN 365 DAYS

By Associated Press Dispatch.

Berea, O., February 22.—Queen Bess—an Ancona hen of the famous Sheppard strain—has established what is believed to be a new world's record for a laying hen by producing 331 eggs in 365 days. The best previous record was 325 eggs in 365 days.

This hen was hatched on March 15, 1915 on the farm of H. Cecil Sheppard of this city. The fowl was sold by Mr. Sheppard as a baby chick for 32 cents and is now the highest priced hen in existence, both as a show and laying hen.

FREE EMPLOYMENT BUREAU IS ACTIVE

By Associated Press Dispatch.

Cleveland, O., February 21.—According to figures compiled by the local bureau, Cleveland's state-city free employment bureau places one thousand and more applicants monthly than

OLIVER LYNCH.

R. T. Scott, Auctioneer.

EXECUTOR'S SALE!

The undersigned will offer for sale, at public auction, on

TUESDAY, THE 27th DAY OF FEBRUARY, 1917.

At the late residence of J. K. Dixon, deceased, the goods and chattels of said deceased, consisting in part of

FIVE HEAD OF HORSES

One team of roan mares; one bay mare; one roan mare.

FIFTY-THREE HEAD OF HOGS.

Nine brood sows to farrow soon.

A lot of corn in the crib; 240 shocks of fodder. One good Jersey cow. Two buggies, one road wagon, a lot of farm implements; a lot of household goods and furnishings and other articles too numerous to mention.

Sale to commence at 10 o'clock a. m.

Terms of Sale: Purchases amounting to \$10.00 or less, cash; above that sum notes at six months, with two good sureties will be taken.

J. D. POST, Executor.

IMPPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Clearse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taint," a bad breath, a dull, listless "two-o'clock feeling," constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Have you tried Red 73 Butter, J. A. Long Co.

NOTICE OF APPOINTMENT

Estate of Mary Weaver, deceased. Notice is hereby given that W. S. Weaver has been duly appointed and qualified as administrator of the estate of Mary Weaver late of Fayette County, Ohio, deceased.

Dated this 3rd day of February, 1917.

FRANK M. ALLEN,
 Judge of the Probate Court
 No. 1977. Fayette County, Ohio.
